CANCELLATION POLICY

If you miss any appointment, without a minimum of 24 hours notice, you will be charged for the time that you were scheduled (\$140/hour, \$86/half hour). This amount must be paid before you will be treated again.

If you arrive more than 10 minutes late without calling you will need to reschedule and you will be charged, or you may wait and be worked in as time permits.

The nature of our practice is to spend individual time with our patients and if you cancel or are late we cannot fill your time slot without 24 hours notice.

Thank you for your cooperation.
